

Guarantee Letter of RoHS Compliance

Dear Customers,

Firstly, thank you for your great support to our company as always!

Our company is committed to protect the environment, and comply with the European Union (EU) Directive 2015/863 (RoHS Directive) of the relevant provisions of the requirements of Restrictions on the Use of Certain Hazardous Substances in Electrical and Electronic Devices Directive. We guarantee that all the relay products and packaging materials provided can fully meet the RoHS requirements and do not contain the chemicals as shown in the following table. The baseline (limit value) for determining the presence or absence of the chemical shall be in accordance with the following table.

Table 1 for Relays

Types of Hazardous Substance	Maximum Value (PPM)
Pb (Lead)	1000ppm (Cadmium contact is exempted. refer to notes)
Hg (Mercury)	1000ppm
Cr6 ⁺ (Chromium VI)	1000ppm
PBBs	1000ppm
PBDEs	1000ppm
Cd (Cadmium)	100ppm (Cadmium contact is exempted. refer to notes)
Bis (2-ethyl(hexyl)phthalate) (DEHP)	1000ppm
Benzyl butyl phthalate(BBP)	1000ppm
Dibutyl phthalate(DBP)	1000ppm
Diisobutyl phthalate(DIBP)	1000ppm

Table 2 for Packaging Materials

Types of Hazardous Substance	Maximum Value (PPM)
Pb+Hg+Cd+Cr6 ⁺	100ppm

Note: According to European Union Resolution 2005/10/21 (2005/747/EC), our company involves exemptions clauses for lead and cadmium. See 7c-I and 8b for details. During the exemption period, the lead contained in electronic components used in relay products and cadmium contained in contact materials are no longer restricted by RoHS and meet the requirements of (EU) RoHS.

The packaging labels of products sold in mainland China shall be in accordance with the RoHS requirements of China and be marked as shown below, referring to Figure 1 and 2:
